Corp.) for a certificate of public good for an )  
interconnected group net-metered photovoltaic )  
electric power system )

Order entered: 8/10/2011

**I. INTRODUCTION**

This case involves an application filed by Clear Brook Farm (Knafel Farm Corp.) ("Applicant") on July 5, 2011,<sup>1</sup> requesting a certificate of public good ("CPG") pursuant to 30 V.S.A. §§ 219a and 248 and Vermont Public Service Board ("Board") Rule 5.100 for a net metering system. The net metering system is a group system that utilizes a photovoltaic system and includes two electric meters.

Notice of the application in this docket was sent to all parties as specified in the Board's Rule 5.100. The notice stated that any party wishing to submit comments or request a hearing in this matter needed to file comments with the Board within ten (10) days of the date that the notice of the application was sent.

No comments have been received.

The Board has reviewed the application and accompanying documents and agrees that, pursuant to 30 V.S.A. §§ 219a and 248 and the Board's Rule 5.100, a CPG should be issued without further investigation or hearing.

**II. FINDINGS**

Based upon the application and its accompanying documents, the Board makes the following findings in this matter.

1. The proposed group net metering project will be located on property owned by the Applicant at 47 Hidden Valley Road in Shaftsbury, Vermont. Application at Section 1.

---

1. An incomplete application was filed on May 12, 2011.

2. The proposed net metering facility is to be erected on an existing structure.  
Application at Section 4.

3. The proposed group system consists of a photovoltaic system with a total system-rated power output of 14.362 kW AC. The facility will be interconnected with the Central Vermont Public Service Corporation electrical distribution system. Application at Section 4 and attachments.

4. Applicant has specified the two meters to be included in the group system by account number and location. Applicant has also provided a method for adding or removing meters included in the group system. Application at Section 7 and attachments.

5. Applicant has designated Andrew Knafel as the person responsible for receiving all communications regarding the group system. Application at Section 7.

6. All disputes among users of the group system shall be resolved by Andrew Knafel.  
Application at Section 7.

7. Applicant has certified that the project is in compliance with all of the provisions of Sections 3 of the application. Based on these submissions, we conclude that the project does not raise a significant issue with respect to the environmental criteria of 30 V.S.A. § 248.  
Application at Sections 3.

8. Applicant has certified compliance with the insurance requirements as set forth in Section 3 of the application. Application at Section 3.

### **III. CONCLUSION**

In Docket No. 6181,<sup>2</sup> the Board developed a net metering program in accordance with the statutory requirements of 30 V.S.A. § 219a. This program was further refined by the Board with the adoption of Board Rule 5.100. The goals of the Order and Rule are to encourage private investment in renewable energy resources, stimulate the economic growth of the state and enhance the continued diversification of energy sources used in Vermont. The standards and requirements adopted in the Order and Rule have been determined by the Board to protect public safety and system reliability.
